Leprosy Elimination Monitoring (LEM):

Guidelines for Monitors

(2000)

World Health Organization

Table of Contents

INTRODUCTION	3
Background.....	3
Purpose of LEM	4
Overview	6
Contents of the Guidelines.....	6
WHAT TO MONITOR	7
Summary Table of Key Indicators	7
Group I: Elimination Indicators	8
Group I.1 Case-Finding Activities.....	8
Group I.2 Prevalence	10
Group I.3 Detection	11
Group II Integration Indicators	11
Group II.1 Proportion of Existing Health Facilities Providing MDT	12
Group II 2. Accessibility to MDT	13
Group II 3. Availability of MDT Drugs.....	14
Group III: Quality of MDT Services.....	15
Group III.1 Proportion of Patients Treated with MDT.....	15
Group III.2 Case-Holding.....	15
Group III.3 Quality of MDT Blister Packs	17
HOW TO MONITOR.....	18
Design of a Monitoring Exercise	18
Steps Taken by LEM Monitors.....	18
Qualifications of LEM Monitors.....	18
Inventory of Data Sources.....	19
Defining the Sample Size.....	19
Selecting the Sample Units.....	19
Planning and Carrying Out the Study	21
Planning the Monitoring	22
Selecting Areas to Be Visited.....	22
Requirements.....	22
Preparations of Field Visits	22
Data Collection in the Field	23
Analysis and Reporting.....	23
ANNEXES: TABLE OF FORMS	24
