

Authors and Affiliations

SETTING THE STAGE

ANTHONY S. FAUCI

Director, National Institute of Allergy and Infectious Disease, National Institutes of Health,
United States Department of Health and Human Services

CIRO A. DE QUADROS

Director, International Programs, Albert B. Sabin Vaccine Institute; Former Director, Division of
Vaccines and Immunization, Pan American Health Organization

PART I. THE PRESENT

DANIEL TARANTOLA

Director, Vaccines and Biologicals Department, World Health Organization, Geneva, Switzerland

PHILIP MINOR

Division of Virology, National Institute for Biological Standardization and Control, United Kingdom

CIRO A. DE QUADROS

Director, International Programs, Albert B. Sabin Vaccine Institute; Former Director, Division of Vaccines and Immunization, Pan American Health Organization

MARÍA TERESA AGUADO

Coordinator, Initiative for Vaccine Research, Department of Vaccines and Biologicals, World Health Organization

ANA MARÍA HENAO RESTREPO

Medical Officer, Initiative for Vaccine Research, Department of Vaccines and Biologicals, World Health Organization

LOUIS Z. COOPER

Professor of Pediatrics, Columbia University; Immediate Past President, American Academy of Pediatrics

GINA TAMBINI

Manager, Family and Community Health Area, Pan American Health Organization

CARLOS CASTILLO-SOLÓRZANO

Regional Advisor on Vaccines and Immunization, Family and Community Health Area, Pan American Health Organization

MÓNICA BRANA

Technical Officer, Family and Community Health Area, Pan American Health Organization

CIRO A. DE QUADROS

Director, International Programs, Albert B. Sabin Vaccine Institute; Former Director, Division of Vaccines and Immunization, Pan American Health Organization

PART II. THE CUTTING EDGE

THOMAS P. MONATH

Chief Scientific Officer, Acambis, Inc., Cambridge, Massachusetts, U. S. A.

JOHN CLEMENS

Director, International Vaccine Institute, Seoul, South Korea

PAUL KILGORE

Research Scientist, International Vaccine Institute, Seoul, South Korea

MICHIAKI TAKAHASHI

Professor Emeritus, Osaka University; The Research Foundation for Microbial Diseases of Osaka University, Osaka, Japan

STANLEY M. LEMON

Professor and Dean of Medicine, University of Texas Medical Branch, Galveston, Texas, U. S. A.

F. MARC LAFORCE

Director, Meningitis Vaccine Project, Program for Appropriate Technology for Health/World Health Organization, Ferney-Voltaire, France

KEITH P. KLUGMAN

Professor of International Health, Department of International Health, Rollins School of Public Health; Professor of Medicine, Division of Infectious Diseases, School of Medicine, Emory University; and Director, Respiratory and Meningeal Pathogens Research Unit of the NHLS/MRC/Witwatersrand University, Johannesburg, South Africa

PART III. THE FUTURE

ROGER GLASS

UMESH PARASHAR

JOSEPH BRESEE

JON GENTSCH

REINA TURCIOS, AND

BAOMING JIANG

All from the Viral Gastroenteritis Section, Centers for Disease Control and Prevention, United States Department of Health and Human Services

MYRON M. LEVINE

Director, Center for Vaccine Development, University of Maryland School of Medicine, Baltimore, Maryland, U. S. A.

KAREN L. KOTLOFF

Professor of Pediatrics and Medicine, Center for Vaccine Development, University of Maryland School of Medicine, Baltimore, Maryland, U. S. A.

IAN H. FRAZER

Director, Center for Immunology and Cancer Research, University of Queensland, Australia

STEVEN J. CZINN

Division of Pediatric Gastroenterology and Nutrition, Rainbow Babies and Children's Hospital, University Hospital Health System, Case Western Reserve University, Cleveland, Ohio, U.S.A.

STEPHEN COATES

QUI-LIM CHOO

GEORGE KUO

KEVIN CRAWFORD

CHRISTINE DONG

MARK WINIGER

AMY WEINER

SERGIO ABRIGNANI, AND

MICHAEL HOUGHTON

All from the Chiron Corporation, Emeryville, California, U. S. A.

JOHN TREANOR

Associate Professor of Medicine, University of Rochester Medical Center, Rochester, New York, U. S. A.

PETER F. WRIGHT

Departments of Pediatrics, Pathology, and Microbiology and Immunology, Vanderbilt University Medical Center, Nashville, Tennessee, U. S. A.

PART IV. THE QUEST

MICHAEL J. BRENNAN

Center for Biologics Evaluation and Research, Food and Drug Administration, Bethesda,
Maryland, U.S.A.

JERONIMO CELLO

Department of Molecular Genetics and Microbiology, State University of New York, Stony Brook,
New York, U.S.A.

NIDIA DE JESUS

Department of Molecular Genetics and Microbiology, State University of New York, Stony Brook,
New York, U.S.A.

KONSTANTIN CHUMAKOV

Center for Biologics Evaluation and Research, United States Food and Drug Administration,
Rockville, Maryland, U.S.A.

JIANG YIN

Department of Molecular Genetics and Microbiology, State University of New York, Stony Brook,
New York, U.S.A.

ANIKO V. PAUL

Department of Molecular Genetics and Microbiology, State University of New York, Stony Brook,
New York, U.S.A.

MATTHIAS GROMEIER

Department of Molecular Genetics and Microbiology, Duke University Medical Center, Durham,
North Carolina, U.S.A.

ECKARD WIMMER

Department of Molecular Genetics and Microbiology, State University of New York, Stony Brook,
New York, U.S.A.

JOSÉ ESPARZA

WHO-UNAIDS HIV Vaccine Initiative, Initiative for Vaccine Research, World Health Organization,
Geneva, Switzerland

DAVID W. VAUGHN

Director, Military Infectious Diseases Research Program, U.S. Army Medical Research and
Materiel Command, Fort Detrick, Maryland, U.S.A.

REGINA RABINOVICH

Director, Infectious Diseases, Global Health Program, Bill and Melinda Gates Foundation;
Former Director, Malaria Vaccine Initiative, Program for Appropriate Technology in Health

PETER J. HOTEZ

Professor and Chair, Department of Microbiology and Tropical Medicine, George Washington
University; the Albert B. Sabin Vaccine Institute, Washington, D.C., U. S. A.

PART V. NEW CONCEPTS FOR VACCINE DEVELOPMENT, ADJUVANTS, AND DELIVERY

JAY A. BERZOFSKY AND IGOR M. BELYAKOV

Molecular Immunogenetics and Vaccine Research Section, Metabolism Branch, National Cancer Institute, United States National Institutes of Health, Bethesda, Maryland, U.S.A.

W. PAUL GLEZEN

Professor, Department of Molecular Virology and Microbiology, Baylor College of Medicine, Houston, Texas, U.S.A.

MARGARET A. LIU

Vice-Chairman, Transgene, Strasbourg, France; Visiting Professor SMI, MTC, Karolinska Institute, Stockholm, Sweden

CHARLES J. ARNTZEN

Arizona Biodesign Institute, Arizona State University, Tempe, Arizona, U. S. A.

RICHARD T. MAHONEY

Research Professor, Biodesign Institute, Arizona State University, Tempe, Arizona

HUGH S. MASON

Associate Research Professor, Biodesign Institute, Arizona State University, Tempe, Arizona

DWAYNE D. KIRK

Project Manager (Vaccines), Boyce Thompson Institute for Plant Research, Ithaca, New York

NATALIE GARÇON

Director, Vaccine Formulation, Alternative Deliveries and Preclinical Operations, Research and Development, GlaxoSmithKline biologicals, Rue de l'Institute, 89, Rixensart, Belgium

MONCEF SLAUOI

Senior Vice President, Worldwide Business Development, GlaxoSmithKline, 709 Swedeland Road, King of Prussia, Pennsylvania, U. S. A.

JOHN BEADLE

Vice-President of Medical and Product Development, PowderJect Pharmaceuticals PLC, Oxford, United Kingdom

PART VI. VACCINES AND BIOTERRORISM

D. A. HENDERSON

Special Advisor, Center for Biosecurity, University of Pittsburgh Medical Center, Baltimore, Maryland, U.S.A.

ARTHUR M. FRIEDLANDER

Senior Military Branch Scientist, United States Army Medical Research Institute of Infectious Diseases, Fort Detrick, Maryland, U.S.A.

CLARENCE J. PETERS

Professor and Director, Center for Biodefense, University of Texas, Medical Branch, Galveston, Texas, U.S.A.

PART VII. REGULATORY AND SAFETY ISSUES

MANFRED HAASE

Member, Committee for Proprietary Medicinal Products of the European Agency for the Evaluation of Medicinal Products.

LUIS BARRETO

Vice President, Public Affairs, and Director, Corporate Public Policy, Aventis Pasteur International Public Health Affairs, Canada

DAVID SALISBURY

Principal Medical Officer, Communicable Diseases Branch, Department of Health, United Kingdom

PART VIII. VACCINES, PREVENTION, AND PUBLIC HEALTH

CARLYLE GUERRA DE MACEDO
Director Emeritus, Pan American Health Organization

DEAN T. JAMISON
Senior Fellow, Fogarty International Center, United States National Institutes of Health,
Bethesda, Maryland; Professor, University of California at Los Angeles (UCLA)

JULIO FRENK MORA
Minister of Health, Ministry of Health, Mexico.

ROBERTO TAPIA CONYER
Vice-Minister of Health, Ministry of Health, Mexico.

JOSÉ IGNACIO SANTOS
Director, National Center for Child and Adolescent Health, Ministry of Health, Mexico.

ALFREDO SOLARI
Senior Health Advisor, Social Development Division, Sustainable Development
Department, Inter-American Development Bank

FERNANDO MUÑOZ
Division for Stewardship and Regulation, Ministry of Health, Chile

OSCAR ARTEAGA
Division of Health Policy and Management, School of Public Health, Universidad de Chile,
Santiago, Chile

SERGIO MUÑOZ
Professor, CIGES, Faculty of Medicine, Universidad de la Frontera, Temuco, Chile

MARIO I. TARRIDE
Professor, Department of Industrial Engineering, Universidad de Santiago de Chile, Santiago,
Chile

WALTER R. DOWDLE
Task Force for Child Survival and Development, Decatur, Georgia, U.S.A.

EPILOGUE

GEORGE A.O. ALLEYNE

Director Emeritus, Pan American Health Organization

DONALD A. HENDERSON

Special Advisor, Center for Biosecurity, University of Pittsburgh Medical Center, Baltimore,
Maryland, U.S.A.
