***Vaccines: Preventing Disease & Protecting Health***

Ciro A. de Quadros, editor

CORRIGENDUM

The list of authors in the chapter titled “Oral Vaccines Derived from Transgenic Plants” (page 256 of the above-referenced book) should be expanded as follows: Charles J. Arntzen, Arizona Biodesign Institute, Arizona State University, Tempe, Arizona; Richard T. Mahoney, Research Professor, Biodesign Institute, Arizona State University, Tempe, Arizona; Hugh S. Mason, Associate Research Professor, Biodesign Institute, Arizona State University, Tempe, Arizona; and Dwayne D. Kirk, Project Manager (Vaccines), Boyce Thompson Institute for Plant Research, Ithaca, New York.

The authors also acknowledge the kind contribution of Dr. Aluizio Borém and Universidade Federal de Viçosa for access to previously published written material by Dwayne Kirk, in Kirk DD. Edible Vaccines: A Decade of Development. Chapter 12. In: Borem A, del Giudice MP, Costa NMB, eds. *Alimentos geneticamente modificados* [Genetically Modified Foods]. Viçosa, Brazil, Editora UFV; 2002.
