

PHARMACEUTICAL FORUM OF THE AMERICAS

Objectives

To encourage and support a dialogue and cooperation among all national and regional pharmaceutical associations in the Region of the Americas, and the Pan American Health Organizations /Regional Office of World Health Organization (WHO):

- a. by improving health in the Americas by the development and enhancement of pharmacy practice;
- b. by encouraging the implementation of pharmacy practice projects by all national and regional pharmaceutical associations in the Americas;
- c. by integrating appropriate PAHO/WHO policies into undergraduate, postgraduate, and continuing education programs;
- d. by formulating policy statements on health issues as identified at meetings of the Forum
