IN REPLY REFER TO: GPP/GB-CL-18-04

29 June 2004

«Salutation»

In accordance with Resolution CD44.R14 of the 44th Directing Council, the open-ended Working Group established by the Executive Committee met in Roseau, Dominica, on 26 and 27 February 2004, and in Washington, D.C., United States of America, on 23 March 2004, to review the future of PAHO in the 21st Century.

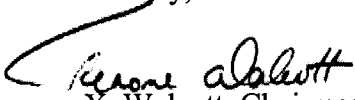

As agreed during the 134th Session of the Executive Committee, the next meeting of the open-ended Working Group will be held on 26 and 27 July 2004, in San José, Costa Rica, to review progress on each of the topics of the terms of reference and initiate a consolidation of all contributions into one document.

At the meeting, we will also review a mechanism for informing the Directing Council about the progress made by the Working Group.

We encourage all Member States to review and comment on all documents which are already available on the PAHO 21st Century website, before 16 July 2004, in order to provide improved documents by 23 July 2004, for the Costa Rica meeting.

A detailed agenda, as well as logistical arrangements for this meeting, will shortly be communicated by the Director of PAHO.

Yours sincerely,

Jerome X. Walcott, Chairman
Working Group on PAHO
in the 21st Century
