In accordance with Resolution CD44.R14 of the 44th Directing Council, an open-ended Working Group on PAHO in the 21st Century was established by the Executive Committee. As agreed during the Working Group's Fifth Meeting that took place 17 to 18 February 2005, in Washington, D.C., the Sixth Meeting will be held on 11 and 12 April 2005, in Bridgetown, Barbados.

At the last meeting in Washington, D.C., the Working Group decided that at the sixth meeting it would discuss the following topics: the report on the Fifth Meeting of the Group, review of the consolidated document, review of the proposed recommendations prepared by the drafting group in March 2005, and the next steps to be taken.

A detailed agenda, as well as logistical arrangements for the sixth meeting of the Working Group, will shortly be communicated by the Director of the Pan American Sanitary Bureau.

Yours sincerely,

Jerome X. Walcott, Chairman
Working Group on PAHO
in the 21st Century
