## **SURINAME**

Total population: 529,400

Average annual deaths: 3,800

Life expectancy at birth (years):

Total: 71 Male: 68 Female: 74

Adult literacy rate: 94.6%

• Gross national income US\$ per capita: 4,760

| RISK FACTORS  |           |          |            |
|---|-----------|----------|------------|
| Prevalence of:  | Total (%) | Male (%) | Female (%) |
| Current tobacco smokers among adults <sup>2,a</sup>         | •••       | 38.4     | 9.9        |
| Current use of any tobacco product among youth <sup>3</sup> | 19.2      | 20.7     | 16.6       |
| Fruit and vegetable intake in adults <sup>1,b</sup>         | •••       |          |            |
| Alcohol consumers, past 12 months <sup>4</sup>              | •••       |          |            |
| Low physical activity in adults <sup>1,c</sup>              |           |          |            |
| Obesity among adults (BMI ≥30) <sup>1</sup>                 | 25.8      | 16.5     | 34.6       |
| HPV prevalence (women with normal cytology) <sup>5</sup>    | •••       |          |            |

Notes: a: adults aged 12-65 years; b: % who eat 5 or more servings of fruit and vegetables per day; c: % who are physically active for <600 met minutes; BMI: Body Mass Index; HPV: Human Papillomavirus.

| Cancer type Sex   |        | Number of deaths (2009) | ASMR (2009) | AAPC |  |
|-------------------|--------|-------------------------|-------------|------|--|
| All cancer types  | Male   | 182                     | 96.69       | 1.89 |  |
|                   | Female | 159                     | 68.99       | 0.48 |  |
| Breast cancer     |        | 28                      | 12.53       | -    |  |
| Cervical cancer   |        | 21                      | 8.99        | -    |  |
| Colorectal cancer | Male   | 31                      | 17.16       | -    |  |
|                   | Female | 17                      | 7.40        | -    |  |
| Liver cancer      | Male   | 14                      | 7.03        | -    |  |
|                   | Female | 9                       | 3.89        | -    |  |
| Lung cancer       | Male   | 31                      | 16.26       | -    |  |
|                   | Female | 13                      | 5.77        | -    |  |
| Prostate cancer   |        | 30                      | 17.56       | -    |  |
| Stomach cancer    | Male   | 7                       | 3.97        | -    |  |
|                   | Female | 4                       | 1.69        | -    |  |

Notes: ASMR: Age-standardized mortality rate; AAPC: Average annual percent change; \*: The AAPC is significantly different from zero at p=0.05.

| CANCER PLANS AND CANCER REGISTRATION <sup>7</sup>                   |               |  |  |
|---|---------------|--|--|
| National integrated NCD policy, strategy or action plan             |               |  |  |
| Is there a national integrated NCD policy, strategy or action plan? | Yes           |  |  |
| Is cancer included in the overall NCD plan?                         | Yes           |  |  |
| First year of implementation  | 2012          |  |  |
| Cancer policy, strategy or action plan                              |               |  |  |
| Is there a cancer policy, strategy or action plan?                  | Not in effect |  |  |
| First year of implementation  | N/A           |  |  |
| Cancer registry   |               |  |  |
| Is there a cancer registry?   | Yes           |  |  |
| Scope (national vs. subnational)?                                   | National      |  |  |
| Type of registry (population vs. hospital based)?                   | Other         |  |  |
| Last year with available data                                       | 2012          |  |  |

| CANCER PRIMARY PREVENTION POLICIES   |   |  |  |
|--|---|--|--|
| Tobacco control <sup>3</sup>   |   |  |  |
| Smoke free environments?   | All public spaces are completely smoke free   |  |  |
| Raised taxes on tobacco?   | Taxes are 61% of the final price  |  |  |
| Health warning labels about the dangers of tobacco?  | Large warnings with all appropriate features (pending regulation and/or implementation) |  |  |
| Bans on tobacco advertising, promotion and sponsorship?  | Ban on all forms of direct and indirect advertising                                     |  |  |
| Overweight and obesity prevention and control <sup>7</sup>   |   |  |  |
| Is there a policy, strategy or action plan for reducing overweight/obesity? (First year of implementation)     | No  |  |  |
| Harmful use of alcohol prevention and control <sup>7</sup>   |   |  |  |
| Is there a policy, strategy or action plan for reducing harmful use of alcohol? (First year of implementation) | No  |  |  |
| HPV vaccination in national immunization program?8   | Yes   |  |  |
| Year of introduction/target age group/delivery strategy  | 2013//  |  |  |
| Estimated 3-dose coverage (calendar year)  |   |  |  |
| HBV vaccination in national immunization program? <sup>8</sup>   | Yes   |  |  |
| Year of introduction/target age group  | 2003/newborn-2m-4m-6m; risk groups  |  |  |
| Estimated 3-dose coverage (2012)   | 84%   |  |  |

| CANCER SCREENING   |   |  |  |
|--|---|--|--|
| Cervical cancer  |   |  |  |
| Guidelines <sup>9</sup>  |   |  |  |
| Are there cervical cancer screening guidelines available?  | Yes   |  |  |
| Guideline recommendations (tests/age groups/frequency)  Pap test/postmenopausal women/every 2 years VIA/23-55 years of age/every 2 years |   |  |  |
| Availability and coverage of screening services  |   |  |  |
| Cervical cytology <sup>7</sup>   | Generally available in the public and the private sectors |  |  |
| Visual inspection with acetic acid <sup>7</sup>  | Generally available in the public and the private sectors |  |  |
| Screening coverage <sup>9</sup>  | <15% of target population                                 |  |  |

| CANCER SCREENING   |   |  |  |
|--|---|--|--|
| Breast cancer  |   |  |  |
| Guidelines   |   |  |  |
| Are there breast cancer screening guidelines available?          |   |  |  |
| Guideline recommendations (tests/age groups/frequency)           | <b></b>   |  |  |
| Availability and coverage of screening services                  |   |  |  |
| Clinical breast examination <sup>7</sup>                         | Generally available in the public and the private sectors |  |  |
| Mammography <sup>7</sup>   | Generally available in the public and the private sectors |  |  |
| Screening coverage   |   |  |  |
| Colorectal cancer  |   |  |  |
| Guidelines   |   |  |  |
| Are there colorectal cancer screening guidelines available?      |   |  |  |
| Guideline recommendations (tests/age groups/frequency)           |   |  |  |
| Availability and coverage of screening services                  |   |  |  |
| Fecal occult blood test or fecal immunological test <sup>7</sup> | Generally available in the public and the private sectors |  |  |
| Exam or colonoscopy <sup>7</sup>                                 | Generally available in the public and the private sectors |  |  |
| Screening coverage   |   |  |  |
