

## SUBREGIONAL LEVEL

*This programmatic level was officially established and introduced for the 2006-2007 biennium as stipulated in the PAHO Regional Program and Budget Policy approved by the 45th Directing Council (September 2004). The subregional technical cooperation programs serve as support to the health plans of the various subregional integration processes in the Americas: the Caribbean Community (CARICOM); the Central American Integration System (SICA); the Southern Common Market (MERCOSUR); and the Andean Community of Nations (CAN).*

*Correspondingly, this section includes the resources allocated to the Biennial Workplans of the different subregions. In addition, funding is provided to the following established subregional offices: the Office for Caribbean Program Coordination (located in Bridgetown, Barbados); the PAHO/WHO Representation of the Eastern Caribbean Countries; the Caribbean Food and Nutrition Institute (CFNI); the Caribbean Epidemiology Center (CAREC); and the Institute of Nutrition of Central America and Panama (INCAP). Funding is also provided in support of the United States/Mexico Border Health Office (located in El Paso, Texas).*
