

Expert Meeting- Strengthening the Regulatory Capacity of NCD Risks

17-18 November 2014

PAHO HQ, Room 1017

Purpose:

To identify the key elements for strengthening the institutional regulatory capacity in the Region of the Americas in order to protect the population from NCD Risk Factors.

Products:

- Clarified role of Health Protection by the Health System in relation to NCD Risks
- A reviewed draft of the Technical Reference Document
- A compilation of the keynote presentations and positions presented during the meeting
- A basis for the establishment of a consortium of leading Member State agencies and other organizations interested in supporting the agenda in the Region.
- A recommendation to the PAHO secretariat on the path forward.

Structure:

- Presentations by Regulatory Agencies and by PAHO/WHO representatives from selected countries
- Experts presentations for concept clarification
- Plenary and group discussion
