MSPP-SNADI

Ultimate Goals:

- Establish a Public Health system to ensure the national health coverage for the population by combining national budgetary funds and external aid.
- Rationalize the use of existing resources to improve coordination and management of commodities .

Activities

- PAHO-PROMESS is the focal point for national drug policies & pharmaceutical regulation
 - Technical assistance to the MSPP
 - DSF
 - National FP & RH quantification exercise
 - DPM/MT
 - Drugs regulatory system/Pharmacovigilance
 - National Supply chain System (MSPP-SNADI)
 - Review national policies-dissemination of manuals and norms.

Challenges

Contribute to the creation of the Unique National Procurement and Distribution System for drugs and medical supplies to strengthen the leadership and governance of the MSPP.

➤ Internal

- Stock Outs
- High operational Costs
- Pharmaceutical waste
- Lack of human resources

➤ External

- Changes at the MOH/Priorities/Governance

Perspectives

- Modernization and structural reinforcement of the warehouse.
- Strengthening technical capacity
- Diversify the role of PROMESS
- Implement a waste management Unit
- Improve coordination with partners & stakeholders for the implementation of SNADI
- Improve the support to the DPM/MT in pharmaceutical regulation & pharmacovigilance
