

EPI Country Report

MONTSERRAT, 2019

Demographics and socioeconomic

Total Population (in 1000) (2019)	5.34
Population <1 year of age (in 1000) (2019)	0.06
Population 1 year of age (in 1000)(2019)	0.06
Population <5 years of age (in 1000) (2019)	0.29
Women of childbearing age (2019)	3.29
Infant Mortality Rate (per 1000 live births) (2017)	-
Gross national income (US\$ per capita) current value (2018)	-
National Health Expenditure Public (2016)	-
National Health Expenditure Private (2016)	-

Immunization system highlights

- There is no comprehensive multi-year plan (MYP) for immunization.
- A standing national technical advisory group on immunization (NITAG) The group met 3 times in 2019.
- A national nominal electronic immunization registry implementation is in progress.

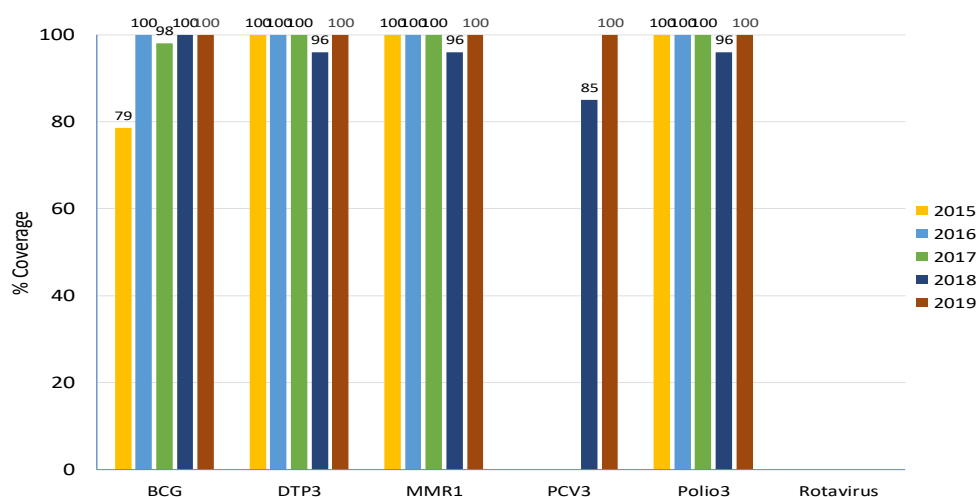

Immunization Schedule

MSR	Doses					
	1	2	3	4	5	6
BCG	2M					
HepB_Pediatric						
DTP-Hib						
DTP-Hib-HepB	2M	4M	6M			
DTP-Hib-IPV						
DTP-Hib-HepB-IPV						
DTP						
IPV	2M	4M				
OPV			6M	18M	5Y	15Y
MMR	1Y	18M				
Pneumoco_conj						
Rotavirus						
Td						15Y
Tdap						
HPV	13Y					

Vaccine Introduction

	Year
Bacterial Meningitis	
<i>Haemophilus influenzae</i> type b	1999
Hepatitis B	
HPV	2017
Influenza	2007
MMR1	
MMR2	
Pentavalent	2000
Pneumococcal Conjugate	
Rotavirus	
Tdap	
Tetavalent DPT-Hib or DPT-HepB	
Yellow Fever	

Vaccination Coverage

Surveillance Indicators - AFP (CARPHA)

2019

Number of AFP suspected cases	8
AFP rate per 100,000 population <15 years old	0.57
% of cases with 1 adequate samples	100
% of cases investigated within <48 hours	100
% sites reporting	83

Surveillance Indicators - MR (CARPHA)

2019

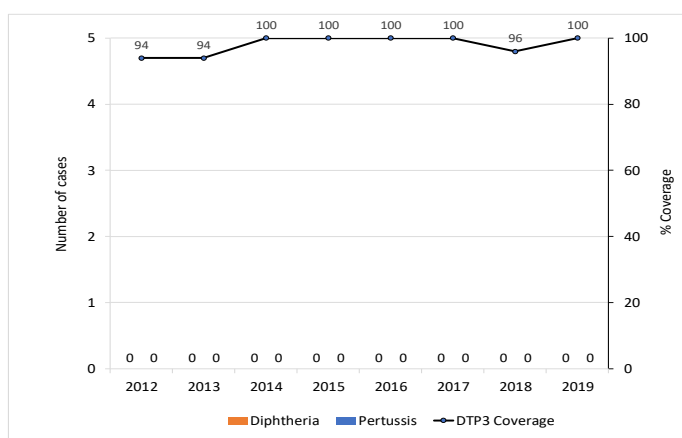

Number of suspected cases	371
% of cases with adequate investigation	86
% of cases with adequate blood samples	98
% of samples received in laboratory <=5 days	9
% of laboratory samples results <=4 days	83

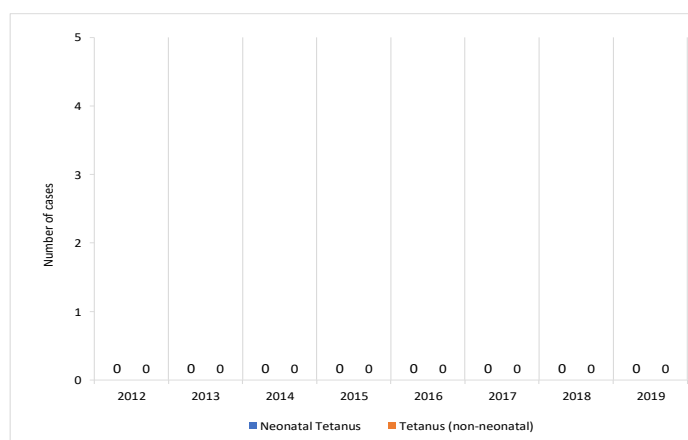

Polio3 coverage and AFP rate per 100,000 children <15 years of age

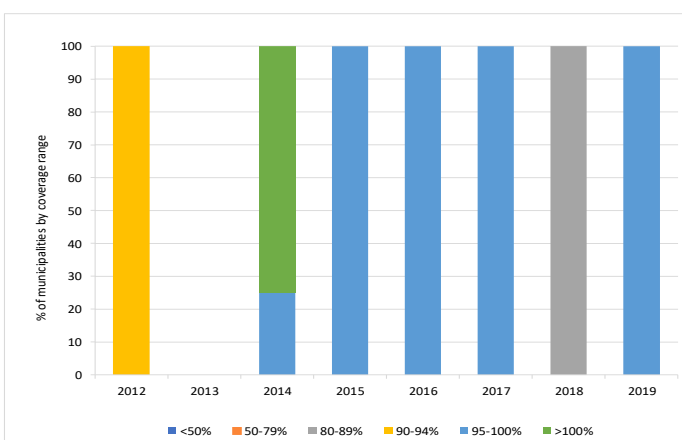

DTP3 coverage and number of reported diphtheria and pertussis cases

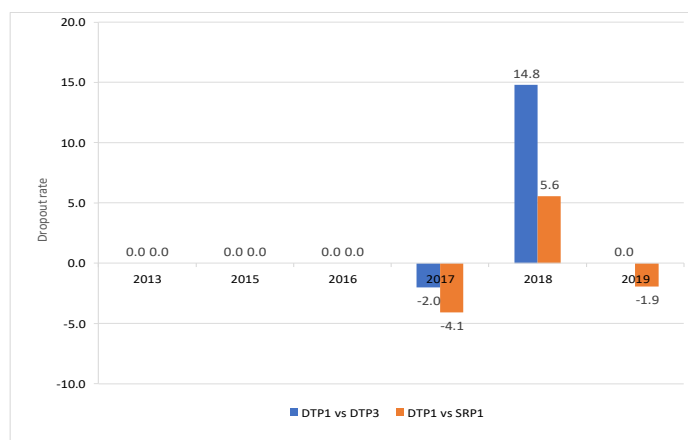

Number of tetanus (no neonatal) and neonatal tetanus cases

Proportion of municipalities by coverage range with DTP3 in children <1 years of age

DTP1-DTP3 and DTP1-MMR1 Dropout Rate

Legend

NB/nb-newborn
M/m-month
Y/y-year
WCBA-women of childbearing age
