Zero draft is without prejudice to the position of any delegation and follows the principle that “*nothing is agreed until everything is agreed*”
Prior to INB 4

• In accordance with what was agreed at INB3, the Zero Draft was prepared by the Bureau, with the support of the Secretariat, based on the conceptual zero draft and inputs received during the third meeting of the INB, with legal provisions.

• The Zero Draft was released in English on January 31st and in the other WHO languages on February 10th.

• The INB Bureau held two briefing events regarding the zero draft leading up to INB4, one, on 7 February 2023, focused on Member States, and one, on 15 February, focused on relevant stakeholders.

• Bureau of the INB had another meeting with the Bureau of the WGIHR in February.
