## 8. CONSTITUTION OF THE WORLD HEALTH ORGANIZATION<sup>1</sup>

THE STATES Parties to this Constitution declare, in conformity with the Charter of the United Nations, that the following principles are basic to the happiness, harmonious relations and security of all peoples:

Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.

The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, political belief, economic or social condition.

The health of all peoples is fundamental to the attainment of peace and security and is dependent upon the fullest co-operation of individuals and States.

The achievement of any State in the promotion and protection of health is of value to all.

Unequal development in different countries in the promotion of health and control of disease, especially communicable disease, is a common danger.

Healthy development of the child is of basic importance; the ability to live harmoniously in a changing total environment is essential to such development.

The extension to all peoples of the benefits of medical, psychological and related knowledge is essential to the fullest attainment of health.

Informed opinion and active co-operation on the part of the public are of the utmost importance in the improvement of the health of the people.

Governments have a responsibility for the health of their peoples which can be fulfilled only by the provision of adequate health and social measures.

## *Article II – Juridical Personality*

### *Section 3*

- f) The same immunities and facilities in respect of their personal baggage as are accorded to members of comparable rank of diplomatic missions.

#### *Section 14*

In order to secure for the representatives of members of the specialized agencies at meetings convened by them complete freedom of speech and complete independence in the discharge of their duties, the immunity from legal process in respect of words spoken or written and all acts done by them in discharging their duties shall continue to be accorded, notwithstanding that the persons concerned are no longer engaged in the discharge of such duties.

#### *Section 15*

#### *Section 16*

Privileges and immunities are accorded to the representatives of members, not for the personal benefit of the individuals themselves, but in order to safeguard the independent exercise of their functions in connection with the specialized agencies. Consequently, a member not only has the right but is under a duty to waive the immunity of its representatives in any case where, in the opinion of the member, the immunity would impede the course of justice, and where it can be waived without prejudice to the purpose for which the immunity is accorded.

<sup>1</sup>The following resolution (WHA12.41) was adopted by the Twelfth World Health Assembly on 28 May 1959:

The Twelfth World Health Assembly,

Considering Section 18 of Article VI of the Convention on the Privileges and Immunities of the Specialized Agencies which requires that each specialized agency will specify the categories of officials to which the provisions of that Article and Article VIII shall apply; and

Considering the practice hitherto followed by the World Health Organization and under which, in implementing the terms of Section 18 of the Convention, due account has been taken of the provisions of resolution 76 (I) of the General Assembly of the United Nations.

1 CONFIRMS this practice; and

2. APPROVES the granting of the privileges and immunities referred to in Articles VI and VIII of the Convention on the Privileges and Immunities of the Specialized Agencies to all officials of the World Health Organization, with the exception of those who are recruited locally and are assigned to hourly rates.

### *Section 20*

The officials of the specialized agencies shall be exempt from national service obligations, provided that, in relation to the States of which they are nationals, such exemption shall be confined to officials of the specialized agencies whose names have, by reason of their duties, been placed upon a list compiled by the executive head of the specialized agency and approved by the State concerned.

Should other officials of specialized agencies be called up for national service, the State concerned shall, at the request of the specialized agency concerned, grant such temporary deferments in the call-up of such officials as may be necessary to avoid interruption in the continuation of essential work.

### *Section 21*

In addition to the immunities and privileges specified in sections 19 and 20, the executive head of each specialized agency, including any official acting on his behalf during his absence from duty, shall be accorded in respect of himself, his spouse and minor children, the privileges and immunities, exemptions and facilities accorded to diplomatic envoys, in accordance with international law.

### *Section 22*

Privileges and immunities are granted to officials in the interests of the specialized agencies only and not for the personal benefit of the individuals themselves. *Section 23*

Each specialized agency shall co-operate at all times with the appropriate authorities of Member States to facilitate the proper administration of justice, secure the observance of police regulations and prevent the occurrence of any abuses in connexion with the privileges, immunities and facilities mentioned in this article.

*Article VII – Abuses of Privilege**Section 24*

If any State party to this Convention considers that there has been an abuse of a privilege or immunity conferred by this Convention, consultations shall be held between that State and the specialized agency concerned to determine whether any such abuse has occurred and, if so, to attempt to ensure that no repetition occurs. If such consultations fail to achieve a result satisfactory to the State and the specialized agency concerned, the question whether an abuse of a privilege or immunity has occurred shall be submitted to the International Court of Justice in accordance with section 32. If the International Court of Justice finds that such an abuse has occurred, the State party to this Convention affected by such abuse shall have the right, after notification to the specialized agency in question, to withhold from the specialized agency concerned the benefits of the privilege or immunity so abused.

Representatives of members at meetings convened by specialized agencies, while exercising their functions and during their journeys to and from the place of meeting, and officials within the meaning of section 18, shall not be required by the territorial authorities to leave the country in which they are performing their functions on account of any activities by them in their official capacity. In the case, however, of abuse of privileges of residence committed by any such person in activities in that country outside his official functions, he may be required to leave by the Government of that country provided that:

2. (I) Representatives of members, or persons who are entitled to diplomatic immunity under section 21, shall not be required to leave the country otherwise than in accordance with the diplomatic procedure applicable to diplomatic envoys accredited to that country.

(II) In the case of an official to whom section 21 is not applicable, no order to leave the country shall be issued other than with the approval of the Foreign Minister of the country in question, and such approval shall be given only after consultation with

the executive head of the specialized agency concerned; and, if expulsion proceedings are taken against an official, the executive head of the specialized agency shall have the right to appear in such proceedings on behalf of the person against whom they are instituted.

### *Article VIII – Laissez-Passer*

#### *Section 26*

Officials of the specialized agencies shall be entitled to use the United Nations *laissez-passer* in conformity with administrative arrangements to be concluded between the Secretary-General of the United Nations and the competent authorities of the specialized agencies, to which agencies special powers to issue *laissez-passer* may be delegated. #### *Section 30*

The executive heads, assistant executive heads, heads of departments and other officials of a rank not lower than head of department of the specialized agencies, travelling on United Nations *laissez-passer* on the business of the specialized agencies, shall be granted the same facilities for travel as are accorded to officials of comparable rank in diplomatic missions.

The opinion given by the Court shall be accepted as decisive by the parties.

*Article X – Annexes and Application to Individual Specialized Agencies**Section 33*

*Rule 39*

A delegate may move the closure of the debate at any time. This motion shall be submitted to a vote immediately, after one delegate has been given the opportunity to speak against the motion.

*Rule 40*

The President may at any time call for a vote to close the debate. If this motion is approved, the President shall declare the debate closed.

*Rule 41*

Members and Associate Members may propose, and the Secretary ex officio may recommend, resolutions, amendments, and motions.

Resolutions shall be introduced in writing and handed to the Secretary ex officio, who shall circulate copies to the delegates within 12 hours. Amendments which introduce significant changes in a resolution shall also be submitted in writing. No resolution or significant amendment shall be discussed or put to the vote unless copies of it have been circulated to all delegates at least 24 hours prior to its discussion. Under special circumstances, the President may permit the discussion and consideration of such resolutions or amendments even though they have not been circulated previously.

Proposals shall be voted on in the order in which they are presented except when the Conference decides to the contrary. Parts of a proposal or an amendment shall be voted on separately if any delegate so requests.

*Rule 42*

When an amendment to a proposal is moved, the amendment shall be voted on first and, if the amendment is adopted, the proposal as amended shall then be voted on.

*Rule 43*

If two or more amendments to a proposal are moved, the amendment deemed by the President to be furthest removed in substance from the proposal shall be voted on first and then the amendment next removed therefrom, and so on until all the amendments have been put to a vote, unless the result of a vote on an amendment makes unnecessary any other voting on the amendment or amendments still outstanding.

*Rule 44*

A motion is considered an amendment to a proposal if it merely adds to, deletes from, or revises part of that proposal. A motion that constitutes a substitution for a proposal shall be considered as a separate proposal.

*Rule 45*

A motion may be withdrawn by its proposer at any time before voting on it has commenced, provided that the motion has not been amended or, if amended, that the

proposer of the amendment agrees to the withdrawal. A motion thus withdrawn may be reintroduced by any delegate.

*Rule 46*

When a proposal has been adopted or rejected, it may not be reconsidered at the same session unless the Conference, by a vote of two-thirds of the Members present and voting, so decides. Permission to speak on a motion to reconsider shall be accorded only to two delegates opposing the motion, after which it shall be immediately put to the vote.

*Rule 47*

Each Member shall have the right to one vote.

For the purpose of these Rules, “Members present and voting” means Members casting an affirmative or negative vote or, in an election, a vote for a person or a Member or Associate Member eligible in accordance with the Constitution or these Rules. Likewise, “majority” means any number of votes greater than half the votes cast by the Members present and voting or, in the case of the election of the Director, any number of votes greater than half the number of the Members of the Organization. Members who abstain from voting or who cast blank ballots or invalid votes shall be regarded as not voting. In computing a majority, any fraction shall be counted as the next higher whole number.

*Rule 48*

A motion shall be considered adopted when it has received the affirmative vote of a majority of the Members present and voting, except when the Constitution or these Rules provide otherwise. If the votes are equally divided on a matter other than an election, the motion shall be regarded as not adopted.

*Rule 49*

The Conference shall normally vote by show of hands, except that any delegate may request a roll call vote; in that event the Member to vote first shall be determined by lot and thereafter the vote shall be taken in the alphabetical order of the names of the Members represented as expressed in the language of the country in which the session is held.

*Rule 50*

The vote of each Member participating in a roll call vote shall be inserted in the record of the meeting.

*Rule 51*

In addition to the cases expressly provided for elsewhere in these Rules, the Conference may vote on any matter by secret ballot if it has been previously so decided by a majority of the Members present and voting.

*Rule 52*

Elections shall normally be held by secret ballot. Except as concerns the election of the Director, when the number of candidates for elective office does not exceed the number of offices to be filled, no ballot shall be required and such candidates shall be declared elected. Where ballots are required, two tellers shall be appointed by the President from among the delegates.

*Rule 53*

Except as concerns the election of the Director, when only one elective place is to be filled and no candidate obtains in the first ballot the majority required, a second ballot shall be taken which shall be restricted to the two candidates obtaining the largest number of votes. If in the second ballot the votes are equally divided, the President shall draw lots to decide between the candidates.

*Rule 54*

When two or more elective places are to be filled at one time under the same circumstances, those candidates obtaining in the first ballot the majority required shall be elected. If the number of candidates obtaining such majority is less than the number of elective places to be filled, ballots shall then be taken separately for each of the remaining places in accordance with Rule 53. If the number of candidates obtaining such majority is greater than the number of elective places to be filled, those candidates obtaining the largest number of votes shall be deemed to have been elected.

*Rule 55*

In an election each Member, unless it abstains, shall vote for that number of candidates equal to or less than the number of elective places to be filled. Any ballot on which there are more names than there are elective places to be filled, or on which the name of any candidate appears more than once, or which is illegible or signed or which reveals the identity of the voter, shall be considered null and void.

*Rule 42*

If two or more amendments to a proposal are moved, the amendment deemed by the President to be furthest removed in substance from the proposal shall be voted on first and then the amendment next removed therefrom, and so on until all the amendments have been put to a vote, unless the result of a vote on an amendment makes unnecessary any other voting on the amendment or amendments still outstanding.

*Rule 43*

A motion is considered an amendment to a proposal if it merely adds to, deletes from, or revises part of that proposal. A motion that constitutes a substitution for a proposal shall be considered as a separate proposal.

*Rule 48*

The Council shall normally vote by show of hands, except that any delegate may request a roll call vote; in that event the Member to vote first shall be determined by lot and thereafter the vote shall be taken in the alphabetical order of the names of the Members represented as expressed in the language of the country in which the session is held.

*Rule 52*

If in the second ballot the votes are equally divided, the President shall draw lots to decide between the candidates.

*Rule 53*

When two or more elective places are to be filled at one time under the same circumstances, those candidates obtaining in the first ballot the majority required shall be elected. If the number of candidates obtaining such majority is less than the number of elective places to be filled, ballots shall then be taken separately for each of the remaining places in accordance with Rule 52. If the number of candidates obtaining such a majority is greater than the number of elective places to be filled, those candidates obtaining the largest number of votes shall be deemed to have been elected.

*Rule 54*

In an election each Member, unless it abstains, shall vote for that number of candidates equal to or less than the number of elective places to be filled.
