The Caribbean-Focus area

- **Family violence** is a term used interchangeably with domestic violence in discourse among family scholars and covers physical, social, and emotional abuse and acts of aggression within relationships that are considered as family connections or akin to family connections.

- Includes:
  - married couples,
  - intimate partners whether living together or dating
  - violence between parents and children
  - sibling violence,
  - child to parent violence,
  - elder abuse, and
  - violence between close relatives such as uncles and their nieces and nephews, grand-parents, and grand-children, adopted parents and adopted children, foster parents and foster children, step-parents and their step-children plus step-siblings.
