

160th SESSION OF THE EXECUTIVE COMMITTEE

Washington, D.C., USA, 26-30 June 2017

Provisional Agenda Item 4.3

CE160/13, Rev. 1

27 June 2017

Original: English

NEW SCALE OF ASSESSED CONTRIBUTIONS

1. Article 24(A) of the Constitution of PAHO states that “The Organization shall be financed by annual contributions from Governments. The contributions from Member Governments shall be determined in conformity with Article 60 of the Pan American Sanitary Code” that states that “for the purpose of discharging the functions and duties imposed upon the Pan American Sanitary Bureau, a fund of not less than \$50,000 shall be collected by the Pan American Union, apportioned among the Signatory Governments on the same basis as are the expenses of the Pan American Union.” By virtue of this article, Member States of the Pan American Health Organization (PAHO) are assessed at the same rate as the Organization of American States (OAS), formerly known as the Pan American Union.

2. In addition to Member States, PAHO membership also includes Associate Members and Participating States which are not Members of the OAS. The current Associate Members¹ are Aruba, Curaçao, Puerto Rico, and Sint Maarten; the Participating States are France, the Kingdom of the Netherlands, and the United Kingdom of Great Britain and Northern Ireland. The assessment rates of PAHO’s Associate Members and Participating States are determined using population parameters of the relevant territories in the Americas. Thus, the assessment rates for France, the Netherlands, and the United Kingdom are calculated using the population parameters of their dependent territories in the Americas.

3. In determining the assessment rates of Associate Members and Participating States, resolution [CD17.R28](#) (1967) declares that no Member State, Participating State, or Associate Member shall be assessed less than the minimum quota appearing in the OAS scale. In addition, since the OAS quota scale adds up to 100% and cannot be modified, the scale adapted for PAHO Membership may exceed 100% to include non-OAS members.

¹ Resolution [CSP28.R1](#) (2012) admits Aruba, Curacao, and Sint Maarten as Associate Members of PAHO. Resolution [CD36.R3](#) (1992) admits the Commonwealth of Puerto Rico as an Associate Member of PAHO.

4. The OAS General Assembly adopted a transitional quota scale of assessments for the financial period 2018, while the Committee on Administrative and Budgetary Affairs continues to review the current quota system and methodology, whose results will be presented to a special session of the General Assembly in October 2017.

5. The Pan American Sanitary Bureau has developed the PAHO adapted scale of assessed contributions based on the transitional scale adopted by the OAS General Assembly in June 2017 for the financial period 2018.

6. The Bureau will propose an adjusted scale of assessment for fiscal year 2019 on the basis of the new adopted 2019 OAS quota scale of assessments, as and when that scale is adopted.

Action by the Executive Committee

7. The Executive Committee is invited to take note of this report and to provide recommendations on the proposed scale and related resolution.
