

Health professional flows

Note: Nurses refer to professional nurses

The figure consists of four empty bar charts arranged in a 2x2 grid, all sharing a common y-axis scale from 0% to 100% in 10% increments. The x-axis for all charts represents the years 2017, 2018, 2019, 2020, and 2021.

- Country of birth:** The legend indicates blue bars for Doctors and orange bars for Nurses. The x-axis is labeled with "Born in the country" and "Born outside the country".
- Country of training:** The legend indicates blue bars for Doctors and orange bars for Nurses. The x-axis is labeled with "Trained in the country" and "Trained outside the country".
- Newly Active foreign-trained:** The legend indicates blue bars for Doctors and orange bars for Nurses.
- Number of professionals trained in other country:** The legend indicates blue bars for "No data for Doctors" and orange bars for "No data for Nurses".
