(1) Commonly used product abbreviations shown in this list, instead of the actual full technical names and descriptions. In case of any questions and clarification needs, please contact: RFV@paho.org

(2) These are indicative FCA prices as a high level reference and they do not include international logistics, insurance and other operational costs. The actual price and other relevant costs will be clarified in procurement documents like price estimates. The indicative prices are rounded to two decimal places and in some instances, intervals provided.

Member States participating in PAHO Revolving Fund should do their planning and budget projections through the Member States Demand Planning Portal.
