Washington, D.C., USA (hybrid session), 20-24 June 2022

*Provisional Agenda Item 5.1*

CE170/19

1 May 2022

Original: English

### REPORT ON THE COLLECTION OF ASSESSED CONTRIBUTIONS

1. The Director of the Pan American Sanitary Bureau (PASB) has the honor to present a report on the status of assessed contributions due from Member States, Participating States, and Associate Members as of 31 December 2021 and 30 April 2022, respectively.
2. Total assessed contributions due as of 1 January 2021 was US\$ 189,842,768,<sup>1</sup> of which \$115,061,027 were received during 2021, resulting in a balance of \$74,781,741 on 31 December 2021. Pending contributions are comprised of \$62,845,878 for 2021 assessments, \$5,698,777 for 2020 assessments, and \$6,237,086 for prior years' assessments. The status of assessed contributions as of 31 December 2021, as well as detailed information on the payments made by Member States and payment dates, are included in Annex A.
3. In order to provide the Executive Committee with more recent information, an updated table on the status of assessed contributions as of 30 April 2022 is presented in Annex B. This table indicates that total assessed contributions due on 1 January 2022 were \$180,056,741, of which \$70,033,628 were received as of 30 April 2022. The balance of assessed contributions due is \$110,023,113.
4. As the assessments from the Member States constitute a significant part of the resources supporting the biennial Program Budget of the Pan American Health Organization 2022-2023, the delay in the receipt of both the accumulated arrears and the current 2022 assessments continues to have an impact on the ability of the Organization to efficiently implement the full program of work.
5. As of 30 April 2022, the Organization has not accessed any funds from the available cash balance of \$50 million in the Working Capital Fund in order to meet commitments of the Program Budget funded with Assessed Contributions. However, if the Organization does not receive the pending balance of assessed contributions in a timely manner, the full implementation of its biennial program of work as approved by the Member States could be in jeopardy.

---

<sup>1</sup> Unless otherwise indicated, all monetary figures in this report are expressed in United States dollars.

---

6. The Organization continues to encourage the Member States to make prompt payment of their outstanding assessed contributions. As of 30 April 2022, one Member State is in arrears such that it is subject to Article 6.B of the Constitution of the Pan American Health Organization. The Bolivarian Republic of Venezuela has arrears totaling \$9,915,755, comprised of assessments due from 2017, 2018, 2019, 2020 and 2021, as well as its 2022 assessment of \$2,208,392. The last payment received from the Bolivarian Republic of Venezuela was in 2017. In addition, Curaçao and Puerto Rico have arrears for more than two years totaling \$92,146 and \$414,633, respectively. However, as Associate Members, they are not subject to Article 6.B.

7. PASB will provide the Executive Committee with an addendum including an updated report on the status of the assessed contributions in June 2022.

**Action by the Executive Committee**

8. The Executive Committee is invited to take note of this report and consider adopting the proposed resolution presented in Annex C.
