Fact to Face Session

The face-to-face session will focus on building competences. Technical content will be recapped, and participants will be able to clarify any technical questions. In addition, emphasis will be placed on deepening practical competences and explaining relevant interactive exercises that trainers may wish to replicate in future. Training content will include guidance on how to develop and run a VAW training programme. Selected participants will be involved as co-trainers of specific sessions/exercises in the face-to-face component, thus providing further opportunity to build training skills. Time will also be set aside to work on district-level training plans.
